

Hume's History of England having been long desirous of a continuation; the proprietor of Dr. Smollett's History (being in possession of a copy with the authors last corrections) has been induced to reprint that work from the Revolution, where Hume's History ends, to the death of George II in the year 1760. To make this work more acceptable, the sections, and other divisions, are given in a manner correspondent with those observed by Hume; so that any gentleman, possessed of the latter, may take up his History at the Revolution, where Hume breaks off, and find a regular connection in this complete History given by Smollett. In the latter part only of this work has the present Editor found it necessary to make any alterations. The war before the last had its source in America, and thereby drew forth our settlements there into consequence. (Typographical errors above are due to OCR software and do not occur in the book.) About the Publisher Forgotten Books is a publisher of historical writings, such as: Philosophy, Classics, Science, Religion, History, Folklore and Mythology. Forgotten Books Classic Reprint Series utilizes the latest technology to regenerate facsimiles of historically important writings. Careful attention has been made to accurately preserve the original format of each page whilst digitally enhancing the aged text. Read books online for free at www.forgottenbooks.org
