

John Stuart Mills book Utilitarianism is a philosophical defense of utilitarianism in ethics. The essay first appeared as a series of three articles published in Frasers Magazine in 1861; the articles were collected and reprinted as a single book in 1863. It went through four editions during Mills lifetime with minor additions and revisions. Although Mill includes discussions of utilitarian ethical principles in other works such as On Liberty and The Subjection of Women, Utilitarianism contains Mills only major discussion of the fundamental grounds for utilitarian ethical theory.

Utilitarianism is one of the most powerful and persuasive approaches to normative ethics in the history of philosophy. Though not fully articulated until the 19th century, proto-utilitarian positions can be discerned throughout the history of ethical theory. Precursors to the - The Classical Approach - Henry Sidgwick - Ideal Utilitarianism.

in normative ethics, a tradition stemming from the late 18th- and 19th-century English philosophers and economists Jeremy Bentham and John Stuart Mill that an. 21 Nov - 10 min - Uploaded by CrashCourse Our next stop in our tour of the ethical lay of the land is utilitarianism. With a little help from. Utilitarianism. Utilitarianism is an ethical theory that determines right from wrong by focusing on outcomes. It is a form of consequentialism. Utilitarianism holds. As a result of the consequentialist nature of utilitarianism, the means to get to the ethical decision (â€œendâ€™) are secondary; the end result is that which must be. Utilitarianism is a moral theory that advocates actions that promote overall happiness or pleasure and rejects actions that cause unhappiness or harm.

Definition of utilitarianism: An ethical philosophy in which the happiness of the greatest number of people in the society is considered the greatest good. The best known version of consequentialism is utilitarianism. This theory defines morality in terms of the maximization of net expectable utility for all parties. Utilitarianism is the idea that the moral worth of an action is solely determined by its contribution to overall utility in maximizing happiness or pleasure as.
